INFORMATION

Re: PM 1522 - Reddie & Grose: 33442

Dear Antony:

Thank you for your letter dated October 13 and 17, 1992, regarding the above-identified foreign applications.

We appreciate the problems of resolving possible publication dates for the host of countries involved.

Nonetheless, please provide us further feedback regarding possible early publication of PM 1522 by crossing out those countries on the enclosed list of filings in which follow the 18 month publication rule. Of those countries remaining, please resort to your inhouse treatises or the like to resolve whether they may belong to a 12 month publication rule or some other fixed schedule. Please designate the remaining countries as undetermined.

Please do not hesitate to call if that would help convey information more easily.

Sincerely,

Charles E. B. Glenn
